

Attention:

We're Moving to an Electronic Time & Attendance System

The Department of Social Services is introducing a new and improved way to record attendance & review Child Care Subsidy information. Your child care provider will install this new system, called the Child Care Business Information Solution, shortly.

This new system will allow you to:

Manage who can
drop off or pick up
your child

Record attendance
electronically

Automatically update
contact information

Easily review your
case information
anytime

How to Use It

You will record your child's attendance through one of these programs:

- **KinderSign:** Your child care provider will have a tablet available for you to use with this program on it
- **KinderSmart:** An app that will allow you to login directly from a smartphone
